SKILLS

Web Technologies:	JavaScript (ES6), React, HTML, CSS/SCSS
Backend Frameworks:	Node.js, Express.js
Database:	MongoDB, SQL
Programming Languages:	Java, Python, C / C++
Soft Skills:	Time Management, Public Speaking, Team Player, Fast Learner

PROJECTS

Chat App: Created a **real-time chat application** using **React** and **Node.js** for seamless communication among users. Implemented features such as user authentication, message threading, and notifications. ([Try it here](#))

Cryptocurrency App: Developed a cryptocurrency tracking app using **React** and integrated it with **Chakra UI** for a sleek and user-friendly design. Utilized external APIs to fetch real-time data and display cryptocurrency prices and trends. ([Try it here](#))

Bank System: Designed and implemented a complex banking system using **SQL**, featuring main branches, secondary branches, and customer interactions. Developed and optimized complex queries for retrieving and updating customer information.

Movie App. Developed a movie information app using **HTML**, **CSS**, and **JavaScript**. Implemented a user-friendly interface where users can search for movies, view details, and get information such as ratings, cast, and release date. Utilized external APIs to fetch movie data and display it to users.

Weather App. Developed an app to fetch and display real-time weather using **HTML**, **CSS**, and **JavaScript**.

EXTRA-CURRICULAR ACTIVITIES

- **Co-General Secretary, IT Student Association**

Led and coordinated activities to foster collaboration among IT students, organized events, and facilitated communication between students and faculty.
